A CLASSIC RUN, MADE SIMPLE

Star Cap Brothers

A bright side-scrolling run through an afternoon meadow.

Many beginners love side-scrolling games but find them hard to start. This app gives a friendly, original one that runs right in the browser.

- Meet Yoshi-kun: a hard-working guy with a green star cap and mustache

02

How the Game Works

Run right, jump over gaps, collect coins, and reach the goal flag before time runs out. There are three short stages.

- Move left and right, and jump on platforms or over gaps
- Grab a star to grow golden, jump higher, and defeat Mokomoko
- Stomp Mokomoko enemies, or lose a life if they touch you
- Goal brings fireworks and a bonus for the time you have left

03

Play Anywhere, Grow Next

The game works with a keyboard or on-screen phone buttons, and it switches between Japanese and English.

- Keyboard: arrow keys, Space, or W, A, D
- Phone: big on-screen buttons for left, right, and jump
- Your best score is saved on your device
- Next: more stages and new enemies, built step by step
